Course Overview

This exciting and powerful program is designed to teach you guerrilla business strategies for high-speed success. Whereas most people go into business to make a living, your business will be designed to create wealth and a lifetime of passive income.

Guerrilla Business School will teach you how to:

- Generate million-dollar ideas every 60 seconds.
- Make or save a fortune using guerrilla negotiation tactics.
- Start any business or division with little or no money down.
- Become a marketing genius in 6 hours flat.
- Raise \$10,000 to half a million dollars without asking anyone to finance anything.
- Get the best people working for you for half of what they would normally charge and be thrilled about it.
- Use win-win sales strategies that work in the real world.
- Set up your business for massive passive income or sell it for millions if you choose to.

Important Items To Bring:

- Business cards to network
- A pen and notebook
- A capped water bottle, if you want to drink water during the course (please note that open water containers are not permitted within the seminar room)
- Snacks to eat between meal breaks that are easy to pack and eat, such as granola bars

Learn it all through high-impact processes, games, experiential exercises, case studies, hot seats, and makeovers. Using what you learn at Guerrilla Business School, you will quit wasting time with strategies that produce little or mediocre results and begin creating wealth in any business you choose, for the rest of your life.

Course Schedule

Guerrilla Business School **course starts at 7 pm evening sharp** on Monday, and we anticipate a full house. Ensure you arrive early to check-in and get a good seat.

Meal breaks will be held in the afternoon and evening each day. Florida Hotel & Conference Center has restaurants inside, as well as many dining choices within close walking distance.

The course concludes late on the final evening, and we suggest you consider planning your return trip home for the following day.

Important Travel Reminders

- If flying internationally, please remember that passports are mandatory and consider purchasing travel medical insurance.
- Check with your airline or travel agent for new identification requirements and carry-on baggage security constraints for toiletries and liquids.
- Drink plenty of water throughout the flight as jet lag is caused almost wholly by dehydration.
- Book and schedule your flights with plenty of time to arrive at the venue, check in to your hotel and/or course and be ready to begin on time.
- If you are planning to do any personal sight-seeing or visiting while at the course, plan these activities for after the course, rather than prior to or during.
