Course Overview

Being a trainer can be an exciting and fulfilling career choice, as well as a money-making skill you can count on throughout your life.

The secret to success in this business is to learn from the masters — men and women who speak to groups of hundreds or thousands at a time and consistently earn substantial amounts of money. Most trainers in this category never reveal their innermost secrets to success and the psychology behind every move they make. The New Peaks team of master facilitators do!

You will come away from the “Train the Trainer Certification” program knowing exactly how to earn a fortune teaching what you love. This program will change your life — personally, professionally and financially.

Here's just a portion of what you'll learn at Train the Trainer:

- A step-by-step process for getting starting and earning money immediately
- How to earn up to \$20,000 a weekend or more!
- Strategies to build a powerful program from A-Z
- A proven blueprint to market your seminars and yourself as an expert speaker/trainer
- How to control the energy in the room
- How to use “Accelerated Learning” techniques so participants learn faster and remember more

Important Items To Bring:

- An iPod, iPhone or MP3 player, with a favorite song that you can perform (1 1/2 minutes max) and a COSTUME to go with it. Make it OUTRAGEOUS! (1 device per person)
- Business cards to network.
- A pen and notebook.
- A capped, plastic water bottle, if you want to drink water during the course (please note that open water containers are not permitted within the seminar room).
- Snacks to eat between meal breaks that are easy to pack and eat, such as granola bars.

"By far, my favorite program out of my Quantum Leap package."
